

# Photographing, 2021-22

*Many thanks are given to my partner Eva who supported me over 2021–22 (and dealt with my absence during my many trips!) and to my friends Sabrina and Chinmayi, who also happened to help me get some of the photographs presented here!*

*Special thanks are given to my other partner(s): my camera, phone, and lenses, which proved gallant in their efforts.*

*Hopefully you enjoy the book and go visit!  
~Sebastian*
